navAero, Inc. to Provide Diagnostic Storage Unit for Eclipse 500

[March 15, 2005] Chicago, IL USA — navAero, Inc. is proud to announce its collaboration with Eclipse Aviation Corporation to create the Diagnostic Storage Unit for the Eclipse 500 Very Light Jet (VLJ).

The DSU for the Eclipse 500 will collect and store in-flight aircraft performance and maintenance data, which will then be trended and analyzed for a variety of purposes.

Ken Crowhurst, navAero, Inc. Executive Vice President and Managing Director, commented, “navAero is tremendously excited for this opportunity to collaborate with an innovative organization like Eclipse, who shares our business philosophy of bringing revolutionary, cost-affordable new ideas and technologies to aviation.”

navAero, Inc. is one of the world leaders in developing and commercializing cost effective electronic flight bag products. navAero, Inc. is headquartered in Chicago, Illinois USA. For further information visit the navAero website at www.navaero.com

Eclipse Aviation Corporation, based in Albuquerque, New Mexico, USA, is revolutionizing air travel by creating low-cost, high-performance jets that provide value, safety and convenience. To learn for about Eclipse Aviation Corporation, visit www.eclipseaviation.com.
